

Palace Theatre
Canton, Ohio

“Equipped with
KILGEN
Wonder Organ!”

To the theatre-owner this phrase means the possession of an asset which enhances the reputation of his house, and whose musical perfection is permanently built-in by its master-makers . . . And to the patron it means a never-failing attraction, the speaking, living, thrilling Voice of the Silent Drama. Kilgen Wonder Organs are individually designed in styles and sizes for the largest or smallest theatres. Only one quality; Kilgen standard.
